

About me

Me in a nutshell:

- Currently living in Nijmegen, the Netherlands
- Enthusiast software developer from the Netherlands (C#, Java, C++, Python, Android) both professionally (for 10+ years) and non-professionally
- Proponent of Clean Code
- Always eager to learn and to keep up with new things in the field.
- Interested in IoT, Home automation and other embedded stuff.
- Like to travel, to see and experience the world.
- Interested in (natural) languages, especially Slavic ones.
- Interested in Eastern/Central Europe, especially the Balkans
- Keeping fit by running and cycling.
- Trying to make some music with my keyboard.
- Supporter of VVV Venlo football club.

Where to find me besides here (and things that I make):
